Total Hours		30

- The student must create a portfolio that provides evidence of the candidate's competency as it relates to both state and national standards. The portfolio is not simply a file of course projects or a scrapbook of professional memorabilia. It is an extensive collection of materials that provides tangible evidence of the wide range of related knowledge, dispositions, and skills necessary to function as an effective educational leader. The portfolio is a work in progress that is updated regularly throughout the program, and must be presented to the Portfolio Review Committee for approval before graduation.
- Coursework from other institutions of higher education will only be transferred from institutions that have received program approval for a program of study reflective of the current School Leader Licensure Standards adopted by the state of Arkansas.
