

PHYSICS MINOR

The minor in physics is for engineering students or physical science students wishing to obtain additional background to support their major degree and enhance their employment opportunities.

Curriculum

The minor in physics requires 20 hours of courses:

Code	Title	Hours
PHYS 2114	Calculus-Based Physics I	4
PHYS 2124	Calculus-Based Physics II	4
PHYS 3213	Modern Physics	3
UD PHYS Electives (6 hours of 3000-4000 level)		6
UD PHYS or MATH Electives (3 hours of 3000-4000 level)		3
Total Hours		20

No more than one credit hour can be a seminar course or special problem.
